THE GOLD STANDARD IN REMANUFACTURED
AUTOMOTIVE PARTS

CHRYSLER 62TE
TRANSMISSIONS

Berkeley Standard remanufactures the Chrysler 62TE using a process that ensures our product meets or exceeds OE quality. We replace any part that shows damage or wear outside of OE specifications. During valve body remanufacturing, high-wearing parts such as selector solenoids are replaced with new OEM parts. All valve bodies go through an automated testing protocol that replicates driving conditions through hydraulic and electrical testing. All of Berkeley Standard's remanufactured transmissions come with a generous warranty that matches or exceeds the new OEM warranty. All of Berkeley Standard's 62TE transmissions are remanufactured in our Johor, Malaysia plant.

62TE TRANSMISSION TYPES

- 3.6L AWD / FWD
- 3.6L FWD Promaster
- 2.7L, 3.5L, 3.8L, 4.0L AWD / FWD
- 2.4L FWD
- 2.0L Turbo FWD / AWD

CHRYSLER 62TE FITMENT TABLE

MAKE	MODEL	YEAR	TRANSMISSION TYPE	ENGINE TYPE/SIZE
Chrysler	Town & Country	2007-2016	6 SP FWD	L4 2.8L V6 3.6L 3.8L 4.0L
