AUTOMOTIVE PARTS

HONDA
TRANSMISSIONS

The Berkeley Standard Honda CVT product line covers popular-late model Honda CVT vehicles such as the Accord, Civic, CR-V, Fit, and HR-V. All the critical components and common failure points are extensively tested or replaced with new parts. Each transmission is dyno tested before packaging to ensure reliable performance. All of Berkeley Standard's remanufactured transmissions come with a generous warranty that matches or exceeds the new OEM warranty. All of Berkeley Standard's Honda CVTs are remanufactured in our Johor, Malaysia plant.
